Featuring the first FOCUS TRACK "KING OF THE MOUNTAIN"

GOING FOR AAA ADDS JULY 20th!

Rochester, New York's Brian Lindsay hits his creative stride in his sophomore release entitled *Esperanza* while delivering an inspired roots-rock record that is filled with troubadour-esque confidence and honest performances. In Lindsay's trademark clever lyrical craftsmanship, he transports the listener to places and times with clarity and panoramic imagery. The first single "**King Of The Mountain**," is no exception, with a true to life expose of the competitive nature of young men on the path from youth to maturity.

Lindsay's first single "*Eastside of the River*" from his debut record, entitled "*The Crossing*" heralded his introduction to the national scene. This track charted for eleven straight weeks and was added to more than 45 Triple A format radio stations. The success of *The Crossing* secured Lindsay a spot in the coveted and popular PBS *On Stage Concert Series*.
